DETAILED ACTION

Remarks

This Office action is responsive to applicant's amendment filed October 19, 2004.

The rejection of claims 1-62 and 64-67 as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 has been withdrawn.

Allowable Subject Matter

Claims 1-58 are allowed for the reasons already of record.

Claims 59-62 and 64-67 are allowed. The closest prior art, that to Harris et al., does not teach or suggest the instant invention regarding the providing step in a negative pressure relative to atmosphere (claim 59) and a sealed chamber having a volume remaining relatively constant over the desired operating temperature range of the one or more devices (claim 65). New claims 66 and 67 are allowed as being modeled after independent claim 65 with the inclusion of the evaporation step (claim 66) and sputtering step (claim 67) previously indicated as allowable via its present independent form.
